

AFFIDAVIT OF UNDERSTANDING

The Denver Housing Authority (DHA), vigorously pursues fraud and abuse of the Section 8 rental assistance program which you are (or will be) participating in.

Example of the types of documentation used by DHA to establish residence for **UNAUTHORIZED HOUSEHOLD MEMBERS** and to confirm their income include:

1. Division of Motor Vehicles (DMV)
2. Colorado Department of Labor and Employment (DOLE)
3. Court Records
4. Police Records
5. Probation Records
6. Department of Family Services
7. Statements from neighbors, friends or relatives
8. Receipt of mail
9. Federal, State, and local agency documents

To avoid any future misunderstanding and to avoid jeopardizing your housing, DHA strongly suggest that you:

1. Speak with your friends and/or relatives to determine if they have used your address without your permission.
2. Put in writing to the Section 8 office your reason why an individual, who is not claimed as part of your household needs to use your address for any reason.
3. Advise the Section 8 office in writing if you want to add anyone to your household. Any added members must first be approved by your landlords and by the Section 8 office.

I understand that the use of my address by someone other than the people I have reported in writing to DHA could result in a determination by DHA that an unauthorized individual resides in the unit. The determination will **LIKELY RESULT** in the termination of my rental assistance.
