Ms. Jamie Torres, Chairperson of the Board of Commissioners
Members of the Board of Commissioners of the Housing Authority
of the City and County of Denver:

We are pleased to present the Comprehensive Annual Financial Report (CAFR) for the Housing Authority of the City and County of Denver (DHA) for the fiscal year ended December 31, 2016. The U.S. Department of Housing and Urban Development (HUD) requires that all public housing authorities publish within nine months after the fiscal year-end, financial statements presented in conformity with U.S. Generally Accepted Accounting Principles (GAAP) and audited accordance with auditing standards generally accepted in the United States of America. DHA's financial statements presented here have been audited by Plante & Moran, PLLC, a firm of licensed independent certified public accountants. Plante & Moran, PLLC issued an unqualified opinion on DHA's financial statements for the fiscal year ended December 31, 2016. The purpose of the independent audit is to provide reasonable assurance that the audited financial statements taken as a whole, are free of material misstatement. The data presented in this report is the responsibility of the management of DHA. To the best of our knowledge and belief, the data as presented is accurate in all material aspects; is presented in a manner designed to fairly state the financial position and results of operations of DHA; and all disclosures necessary have been included to enable the reader to gain an understanding of DHA's financial affairs. GAAP requires that management provide a narrative introduction, overview and analysis to complement the basic financial statements in the form of Management's Discussion and Analysis (MD&A). DHA's MD&A can be found immediately following the report of the independent auditors. This transmittal letter is designed to complement the MD&A and should be read in conjunction with it.

DHA is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and U.S. Office of Management and Budget 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. It is DHA's policy to require the accounting firm to be independent certified public accountants with specific experience in auditing governmental entities. Information related to this single audit, including the independent auditor's report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*; the independent auditor's report on compliance with specific program requirements that could have a direct and material effect on each major program and on internal control over compliance in accordance with 2 CFR 200; the Schedule of Expenditures of Federal Awards; the Schedule of Findings and Questioned Costs; and the status of prior year findings are included in the single audit section of this report.

Government Overview

DHA was created in 1938 as per the Housing Act of 1937 to provide safe, decent, and sanitary housing for low-income families of Denver in accordance with the rules and regulations prescribed by the U.S. Department of Housing and Urban Development and other federal agencies. This report includes all programs of DHA as well as all of its component units. Component units are legally separate entities for which a government is financially accountable. DHA was established as a quasi-municipal corporation by the City of Denver (the City). Although it maintains close ties with the City in several respects, DHA is not a component unit of the City as defined by the pronouncements of the Governmental Accounting Standards Board. The governing body of the Authority is its Board of Commissioners (Board) comprised of nine members appointed by the Mayor of the City. The Board appoints an Executive Director to administer the affairs of DHA. The City is not financially accountable for the operations of DHA, has no responsibility to fund deficits or receive surpluses, and has not guaranteed DHA's debt.

DHA is the largest Public Housing Authority in the Rocky Mountain Region. DHA's goals are accomplished through a variety of housing programs and activities. These activities include several programs developed by HUD such as the Public Housing Program, the Section 8 Housing Choice Voucher (Section 8) Programs, and the Project Based Section 8 Program. In addition to these federal programs, DHA has established various instrumentalities to explore and develop innovative techniques for providing alternative housing possibilities for the low to moderate-income residents of Denver. These programs have allowed DHA the flexibility to develop several private/public partnerships providing a variety of housing opportunities for Denver residents. DHA provides affordable housing to more than 25,000 low and moderate income residents of Denver between our various affordable housing programs. DHA owns and operates approximately 4,000 Public Housing units in addition to administering over 6,900 Section 8 Housing Choice Vouchers.

Economic Condition and Outlook

DHA's finances are affected more by Congressional housing legislation and the federal budget than by local economic factors. DHA's primary source of funding is HUD. As with most housing authorities, most of DHA's operating and capital funding comes from federal dollars in the form of operating subsidies, capital grant funds and Section 8 housing assistance payments. In FY 2016, HUD and other federal agencies provided 84% of DHA's primary government's total operating revenues. For the Public Housing program, housing authorities receive operating subsidies in accordance with an operating subsidy funding formula. In general, the calculated subsidy amount is the difference between an estimate of operating costs minus an estimate of income from rents. Operating subsidies are subject to annual appropriation by Congress. In 2016, the Public Housing program was funded at 90.21% of eligibility. Funding for the Housing Choice Voucher program was prorated at 83.856% of eligibility for administrative fees.

The federal fiscal year 2017 began on October 1, 2016 and operated under a continuing resolution until Congress passed an omnibus appropriations bill on May 4, 2017. The proration levels used in this budget are approximately 84%, 100% and 80% of eligibility for the Public Housing operating fund, Housing Assistance Payments and Section 8 administrative fees, respectively.

Major Initiatives

It is DHA's mission to serve the residents of Denver by developing, owning, and operating safe, decent and affordable housing in a manner that promotes thriving communities, while staying within DHA's anticipated revenue sources. Beginning in the early 1990's, DHA began planning for the redevelopment of its distressed housing developments into newly constructed mixed-income communities. Towards this goal, DHA applied for and received HUD HOPE VI grant awards for the redevelopment of Curtis Park., East Village (Park Avenue) and South Lincoln Homes (Mariposa District); all three communities are near downtown Denver.

The HOPE VI grant awards made it possible for DHA to leverage grant dollars with low-income housing tax credit funds and short-term and long-term financings from banking institutions. The HOPE VI grant was recently replaced with Choice Neighborhood Initiative (CNI) program.

In December 2016, DHA was awarded a CNI Implementation Grant in the amount of \$30 million. This grant will be used along with more than \$358 million of leveraged resources to fund the comprehensive redevelopment of the Sun Valley Homes public housing community.

DHA is finishing the redevelopment and transformation of the South Lincoln Homes, a 270-unit public housing family complex, made possible by a \$22 million HUD HOPE VI grant in 2011. The neighborhood has been renamed the Mariposa District and includes a mix of housing products and a range of income levels. Eight phases of redevelopment have completed construction, including a 100-unit senior housing high-rise building funded by leveraging \$10 million in an American Recovery and Reinvestment Act (ARRA) grant that DHA was competitively awarded in 2009 by HUD. Additional revitalization of neighborhood is continuing with private market housing construction as well as a new commercial building.

DHA received 4% and a 9% Low Income Housing Tax Credit (LIHTC) awards and secured a \$12 million New Market Tax Credit (NMTC) award for Vida at Sloan's Lake. This project is new construction of a 176 unit disabled senior building with a health clinic and a senior activity center. The project will include both Public Housing and Project Based Section 8 Voucher units. Construction will begin mid-2017 and is expected to take place over 17 months.

DHA is partnering with Volunteers of America (VOA) to develop a 1.5 acre parcel of land at the former Lowry Air Force Base. The proposal calls for a 72 unit building that would include 20 units for formerly and situational homeless households. Construction is scheduled to begin mid-2017 with an anticipation completion at the end of 2018.

In order to advance its mission of creating empowerment and economic opportunities for residents and businesses in the communities we serve, DHA recently launched several new social ventures, including the Denver Community Ventures, the Youth Employment Academy, and the Osage Café. Each entity is a 501(c)3 Non-Profit established to further the mission of DHA by raising money through charitable donations to fund resident and community programs. These Social Ventures enable DHA to diversify its revenue base from sole reliance on federal funding.

Financial Information

DHA management is responsible for establishing and maintaining an internal control structure designed to ensure that the Authority's assets are protected from loss, theft, or misuse and that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. DHA has designed its internal control structure to provide reasonable, but not absolute, assurances that these objectives are met. The concept of reasonable assurance recognizes that: (1) the costs of a control should not exceed the benefits likely to be derived and (2) the valuation of costs and benefits requires estimates and judgment by management.

Single Audit

As a recipient of federal awards, DHA is responsible for ensuring that adequate internal controls are in place to provide compliance with applicable laws, regulations, contracts and grants related to those programs. These internal controls are subject to periodic evaluation by management, and their independent auditors.

As part of DHA's single audit, the adequacy of internal controls is tested, including that portion related to federal award programs, as well as DHA's compliance with applicable laws, regulations, contracts and grants. The DHA's single audit for the year ended December 31, 2016 found no instances of material weakness in the internal controls. Reports were prepared for this purpose and are included in this CAFR in the Single Audit Section.

Budgetary Controls

DHA exercises budgetary controls over all programs through a variety of internal control mechanisms. Automated systems allow checking for purchase orders against expenditure budgets and accounts. Second budgetary control is maintained by the encumbrance of estimated purchase amounts and contracts prior to releasing payments on the purchase orders. Third is an automated inquiry system which allows the user to look up account information to check budgets and detailed charges against budgets. Budget to actual reports are presented to the DHA Board and the DHA Management for all DHA programs on a monthly basis.

Debt Administration

DHA's debt policy requires that debt will not be used to finance current operations. A summary of DHA's outstanding debt is provided under the MD&A following this report and also in note 6 to the basic financial statements.

Financial Policy Oversight

DHA's Board has appointed a Finance and Operations Committee which is comprised of three board members with financial and operational expertise. This committee meets regularly and acts also as DHA's Audit Committee. The responsibilities of the committee includes: review and approval of DHA's operating budgets, review DHA's financial statements and audit findings, recommend the appointment of external auditors, oversee the financial operations of DHA, conduct entrance and exit meetings with DHA's independent auditors, oversee DHA Employees Pension Plan and oversee DHA's Investment portfolio. DHA's financial policy changes are reviewed and approved by the Finance and Operations Committee. In addition, this committee along with DHA's Housing Opportunities & Community Impact Committee reviews DHA's real estate development and financing activities.

Other Information

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to DHA for its Comprehensive Annual Financial Report for the year ended December 31, 2015. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. The Denver Housing Authority has received a Certificate of Achievement for the last twenty-eight consecutive years (fiscal years ended 1988-2016). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

The Denver Housing Authority also received the GFOA's Distinguished Budget Presentation Award for its 2017 Comprehensive Budget. DHA has received this award since 1988.

Acknowledgments

Preparation of the Comprehensive Annual Financial Report on a timely basis was accomplished through the dedicated service of the entire staff of the Accounting department under the leadership of Caryl Weber, DHA's Accounting Manager. Each member of the Finance Division has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the members of the Board of Commissioners and in particular, the DHA Audit Committee, preparation of this report would not have been possible.

Independent Auditor's Report

To the Board of Commissioners
Housing Authority of the City and County of Denver

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Housing Authority of the City and County of Denver (DHA) as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Housing Authority of the City and County of Denver's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and in accordance with the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The discretely presented component units, with the exception of CSG Redevelopment Partners, LLLP, were not audited under *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Commissioners
Housing Authority of the City and County of Denver

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Housing Authority of the City and County of Denver as of December 31, 2016, and the respective changes in its financial position and its business-type activities and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Housing Authority of the City and County of Denver's basic financial statements. The introductory section, combining financial schedules, the statistical section, the single audit section (including the schedule of expenditures of federal awards as required by Title 2 U.S Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*) the grant open and close out activity schedules, and the financial data schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements.

The combining financial schedules, schedule of expenditures of federal awards, and financial data schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial schedules, schedule of expenditures of federal awards, and financial data schedules are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section, the statistical section, and the grant open and close out activity schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

To the Board of Commissioners
Housing Authority of the City and County of Denver

Compliance Matter

In connection with our audit, nothing came to our attention that caused us to believe that DHA failed to meet the compliance requirements of Circular A-133 §_200 or 2 CFR Part 200.501 related to the grant open and close out activity schedules for the Choice Neighborhoods Planning, Capital Fund, and Hope VI programs. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional audit procedures, other matters may have come to our attention regarding DHA's expenditures of the Choice Neighborhoods Planning, Capital Fund, and Hope VI funds in accordance with the applicable compliance requirements.

Restricted Use Related to the Compliance Matter

The purpose of the communication related to compliance with Choice Neighborhoods Planning, Capital Fund, and Hope VI program requirements is solely to describe the scope of our testing of compliance and the results of that testing. This communication is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering DHA's compliance. Accordingly, this communication is not suitable for any other purpose.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 30, 2017 on our consideration of the Housing Authority of the City and County of Denver's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority of the City and County of Denver's internal control over financial reporting and compliance.

Housing Authority of the City and County of Denver
MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2016

This narrative overview and analysis of the Housing Authority of the City and County of Denver's (DHA) performance through December 31, 2016 is provided as a supplement to DHA's year-end financial statements. Please read it in conjunction with the transmittal letter at the beginning of this report, the basic financial statements following this section, and the notes to the basic financial statements. The management's discussion and analysis is presented in conformance with the Government Accounting Standards Board (GASB) financial reporting model as set forth in GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, as amended by GASB Statement No. 37, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments: Omnibus*.

As required under U.S. generally accepted accounting principles, DHA uses the accrual basis of accounting to prepare its basic financial statements. Under this basis of accounting, revenues are recognized in the period in which they are earned and expenses, including depreciation, are recognized in the period in which they are incurred. All assets and liabilities associated with the operation of DHA are included in the statements of net position.

Financial Highlights

- Total net position decreased by \$2.1 million (0.01%) from the prior year. This decrease is due to an increase in notes and bonds payable.
- The assets of DHA exceeded liabilities at December 31, 2016 by \$335.0 million (net position). Of this amount, \$238.1 million (unrestricted net position) may be used to meet ongoing obligations, \$78.9 million is the net investment in capital assets, and \$18.0 million is restricted to meet defined obligations.
- Additions to capital assets were completed as budgeted. Overall, capital assets net of accumulated depreciation decreased by \$2.9 million due primarily to depreciation expenses.
- Total liabilities increased by \$14.0 million (20%) from the prior year due to the prepayment by HUD of Housing Assistance Payments (HAP) for Housing Choice Voucher (HCV) program, the issuance of bonds and use of the Line of Credit. The January 2017 HAP of \$5.9 million was received by DHA on the last day of 2016. The Mariposa VII project had a bond issuance of \$5.3 million. The Line of Credit was used to fund the acquisition of land parcels in the amount of \$3.0 million.
- Operating revenues increased approximately \$10.9 million (10.5%) in comparison to the prior year due to an increase in the amount of HAP received by the HCV program.
- Operating expenses increased approximately \$8.5 million (7.7%) in comparison to the prior year. Increases in housing assistance payments were primarily responsible for this increase.
- Non-operating revenues, net of non-operating expenses, decreased approximately \$5.4 million (143.7%). This decrease is primarily due to a decrease in the proceeds from the disposition of assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

December 31, 2016

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to DHA's basic financial statements. The DHA's basic financial statements are comprised of two components: 1) the basic financial statements and 2) notes to the basic financial statements that provide additional disclosure of some of the information in the basic financial statements.

The *Statement of Net Position* presents information on DHA's assets and liabilities, with the difference between the two reported as net position. Assets and liabilities are presented in the order of liquidity and are classified as "current" (convertible to cash within one year) and "noncurrent". Over time, increases or decreases in net position may serve as useful indicators as to whether the DHA's financial health is improving or deteriorating.

The *Statement of Revenues, Expenses, and Changes in Net Position* presents information showing how DHA's net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported for some items that will only result in cash flows in future years.

The *Statement of Cash Flows* reports how DHA's cash was used in and provided by its operating, noncapital financing, capital and related financing, and investing activities during the periods reported. The net of these activities is added to the beginning year cash balance to reconcile to the cash balances at December 31, 2016 and 2015. The DHA uses the direct method of presenting cash flows, which includes a reconciliation of operating activities to operating income. These statements provide answers to such questions as where did cash come from, how was cash used, and what was the change in the cash balance during the year.

The *Combining Balance Sheet and Statement of Activities for Discretely Presented Component Units* presents the financial information for DHA's discretely presented component units. The discretely presented component units are described in Note 1 of the financial statements.

Notes to the Basic Financial Statements provide financial statement disclosures that are an integral part of the basic financial statements. Such disclosures are essential to a comprehensive understanding of the information provided in the basic financial statements.

Financial Analysis***Net Position***

Net position is summarized in the table below:

		<u>2016</u>	<u>2015</u>
Current assets	\$	85,246,260	77,889,891
Other noncurrent assets		207,682,614	200,358,369

Total assets	\$	<u>418,557,226</u>	<u>406,749,299</u>
Current liabilities	\$	8,343,530	8,985,655
Current liabilities payable from restricted assets		7,103,219	987,581
Noncurrent liabilities		<u>68,099,250</u>	<u>59,624,943</u>
Total liabilities	\$	<u>83,545,999</u>	<u>69,598,179</u>
Investment in capital assets	\$	78,916,242	71,888,215
Restricted		17,976,093	18,889,788

Total net position	\$	<u><u>335,011,227</u></u>	<u><u>337,151,120</u></u>

Total assets of DHA at December 31, 2016 and 2015 amounted to \$418,557,226 and \$406,749,299, respectively. Current assets are comprised of cash, investments, receivables, current portion of notes receivable, inventories, prepaid items, and restricted assets. Current assets are approximately 9.4% higher at December 31, 2016 than December 31, 2015 due primarily to an increase in the restricted investments.

Total liabilities of DHA, which are segregated between current and noncurrent portions, amounted to \$83,545,999 and \$69,598,179 at December 31, 2016 and 2015, respectively. Current liabilities primarily include accounts payable, compensated absences payable, accrued liabilities, unearned revenue, intergovernmental payables, interest payable, and the current portions of the notes and bonds payable. A liability is considered to be current if it is due within one year. Current liabilities increased 54.9% from 2015 to 2016 primarily due to the receipt of HCV HAP for January 2017 in December 2016. The noncurrent liabilities are primarily comprised of the long-term portion of the notes and bonds payable. The increase in noncurrent liabilities in 2016 over 2015 is primarily due to an increase in notes payable due to draws made on the Line of Credit for the acquisition of land parcels in the Sun Valley neighborhood and the issuance of bonds for Mariposa VII.

Net position represents the equity of DHA after liabilities are subtracted from assets. Net position is divided into three major categories. The first category, invested in capital assets, shows DHA's equity in land, buildings and improvement, construction in progress, and machinery and equipment, net of related outstanding debt. The second category, restricted net position, has external limitations on the way in which these assets can be used. The last category, unrestricted net position, is available to be used for any lawful and prudent DHA purpose.

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

December 31, 2016

The total net position of DHA decreased \$2.1 million during the year ended December 31, 2016. The decrease in net position in 2016 represents an increase in notes and bonds payable.

The DHA's current ratio reflects the relationship between current assets and current liabilities and is a measure of DHA's ability to pay short-term obligations. At December 31, 2016 and 2015, DHA's current ratio is 5.5:1 and 7.8:1, respectively.

Revenues, Expenses, and Changes in Net Position

Changes in net position are summarized in the table below:

MANAGEMENT'S DISCUSSION AND ANALYSIS - CONTINUED

December 31, 2016

DHA had an operating loss of \$3,611,292 and \$6,048,504 in 2016 and 2015, respectively. Operating revenues were 10.9% higher in 2016 than 2015 due to an increase in intergovernmental revenues from HAP received in the HCV program. Housing assistance payments expenses were 15% higher than 2015 due to an increase in the per unit HAP cost during 2016. Depreciation was lower in 2016 than 2015 due to the aging of the capital assets.

Interest revenue was \$1.7 million or 44.1% lower in 2016 than 2015 due to a large one-time payment that occurred in 2015. Other expense decreased 100% in 2016 due to a non-recurring developer advance of \$158,541 that occurred in 2015. In 2016, DHA received the donation of a not-for-profit organization resulting in an Acquisition of entity gain of \$143,557. Gain (loss) on disposition of assets decreased \$4.7 million or 130.2% due to the write off of assets at the demolished South Lincoln site.

Capital Assets and Debt Administration

The DHA's capital assets are summarized in the table below:

		<u>2016</u>	<u>2015</u>
Land	\$	45,249,044	42,036,924
Buildings		229,518,252	225,538,416

Net capital assets	\$	<u><u>125,628,352</u></u>	<u><u>128,501,039</u></u>

Capital assets decreased by 2.2% in 2016 primarily due to the depreciation. Additional information on DHA's capital assets can be found in note 5 to the basic financial statements.

All debt service payments were made in 2016 as scheduled. Additional information on DHA's long-term debt can be found in note 6 to the basic financial statements.

Economic Factors Affecting DHA's Future

The majority of DHA's funding is from federal agencies in the form of operating subsidies, capital fund grants, Housing Choice Vouchers (HCV) housing assistance payments, and other smaller grants. Congress and the federal government continue to cut federal subsidies due to federal budget priorities. The reduced funding shift continues to have an impact on DHA's economic position because federal housing dollars make up the largest source of revenue for DHA.

During 2016, DHA earned \$98.4 million in federal dollars for its operating and capital programs. In addition, a majority of DHA's \$125.6 million of net capital assets as of December 31, 2016 were acquired and/or developed over the years with financial assistance from HUD. Such assistance has typically come with use restrictions and generally limits DHA's ability to encumber or leverage debt financing against HUD properties in its portfolio.

Although the 2017 Federal budget has not been approved, we are anticipating continued funding shortfalls based on HUD's funding letters and communications from HUD. It is anticipated that HAP for the HCV program, which is DHA's largest housing program serving over 6,000 families, will be funded at a proration in the range of 94-97% in 2017. The Administrative fee for HCV is anticipated to be prorated at 79% and Public Housing operating subsidies are budgeted at 84%.

Housing Authority of the City and County of Denver

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2016

(1) Summary of Significant Accounting Policies

The Housing Authority of the City and County of Denver (hereinafter referred to as DHA) is a corporate body created in 1938 to provide safe, decent, and sanitary housing for low-and moderate-income residents of the City and County of Denver, Colorado (the City).

The basic financial statements of DHA have been prepared in conformity with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements. Following is a summary of the more significant accounting policies of DHA.

(a) Reporting Entity

DHA is a quasi-municipal corporation. DHA's nine-member Board of Commissioners is appointed by the Mayor of the City, but DHA is a legally separate agency with many sources of income. The City does not have the ability to affect the operations of DHA, nor does DHA provide a financial benefit to, or impose a financial burden on, the City. DHA administers the following U.S. Department of Housing and Urban Development (HUD) programs: Public Housing, Section 8 Housing Choice Vouchers, and various other HUD programs.

In determining how to define the reporting entity, management has considered all potential component units. The determination to include a component unit in the reporting entity was made by applying the criteria set forth in Governmental Accounting and Financial Reporting Standards and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*. These criteria include: financial accountability; appointment of a voting majority; imposition of will; financial benefit to or burden on a primary organization; financial accountability as a result of fiscal dependency; potential for dual inclusion; and organizations included in the reporting entity although the primary organization is not financially accountable.

Blended Component Units

The Denver Housing Corporation (DHC) is a nonprofit corporation created by DHA in 1978 to facilitate the financing of construction of low-income housing units under Section 8 of HUD's New Construction Program. DHC has no employees and all functions are provided by employees of DHA.

DLIHDC Development Corporation (DLIHDC DC) is a corporation created by DHA in 1994 to participate in the development and operation of the Studebaker Building consisting of affordable housing units. DLIHDC DC is a general partner in Studebaker Partners, which is a partner in the Studebaker Building Ltd., and does not control the partnership. DLIHDC DC has no employees and all functions are provided by employees of DHA.

Curtis Park Housing, Inc. (CPH) is a nonprofit corporation created by DHA in 2000 to participate in three tax credit partnerships in the Curtis Park HOPE VI redevelopment. CPH is a limited partner and does not control these partnerships. CPH has no employees and all functions are provided by employees of DHA.

Globeville Workforce Housing Inc. (GWHI) is a nonprofit corporation created by DHA in 2003 to be the instrumentality to develop the Globeville Townhomes. GWHI has no employees and all functions are provided by employees of DHA.

Discretely Presented Component Units

DHA's discretely presented component units include the limited partnerships below. These entities follow all applicable FASB standards. Since they do not follow governmental accounting, for presentation purposes, certain transactions may be reflected differently in these financial statements than in the separately issued discrete component unit financial statements in order for them to conform to the presentation of the primary government.

GWHI, OHI, WHI, AHI, AHI II, AHI III, AHI IV, AHI V, MVEC, SLR, SLP II, SLP III, SLP IV, SLP VI, SLP VII, SLP VIII, CSGH, and 3T are wholly owned by DHA and they serve as the general partner in these housing development limited partnerships. Two members of DHA's board of directors, the Executive Director, and two management staff serve as the board of directors for these general partner entities.

Under GASB No. 61, these limited partnerships are considered discretely presented component units of DHA since none of these component units meet the blending criteria.

GWHI entered into two limited partnerships with US Bancorp CDC to form Globeville Redevelopment Partners I LLLP and Globeville Redevelopment Partners II LLLP. DHA is the property manager for the 62 rental units completed by the low-income housing tax credit partnerships.

(b) Basis of Presentation

The accounts of DHA are reported as an enterprise fund. Enterprise funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Revenue is recognized when earned and expenses are recorded at the time liabilities are incurred. All assets and liabilities associated with the operations of DHA are included on the statement of net position.

(c) Cash

Cash is considered to be cash on hand and demand deposits.

Housing Authority of the City and County of Denver

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2016

(d) Receivables

Receivables represent amounts due from HUD for current year program operating and housing assistance subsidies earned but not received at year-end and amounts due from parties other than HUD. Receivable balances are reviewed to determine whether they are collectible. Allowance account estimates are established for receivable amounts when collection is questionable.

(e) Revenue and Expenses

DHA's statement of revenues, expenses, and changes in net position distinguish between operating and nonoperating revenues and expenses. Operating revenue results from exchange transactions associated with providing housing and related services, and federal operating subsidies and housing assistance payments that are directly related to DHA's mission. Nonoperating revenue includes capital and noncapital federal grants, interest revenue, and other revenues not meeting the definition of operating. Operating expenses consist of all expenses incurred to provide housing services. Nonoperating expenses include interest expense and other expenses not meeting the definition of operating.

(f) Revenue Recognition

Revenue from rental of housing units and other revenue are recognized as revenue in the period earned.

(g) Investments

Federal statutes authorize investment of excess federal funds in instruments issued by or guaranteed by the Federal government. DHA has adopted this policy for all invested funds, whether or not they are federal funds. Investments are carried at fair value based on the most recent market quotations.

(h) Inventories

Inventories are stated at the lower of average cost or market. Inventories are expensed when used.

(i) Prepaid Items

Payments made to vendors for services that will benefit periods beyond year-end are recorded as prepaid items.

(j) Restricted Assets

Certain proceeds of revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets and liabilities payable from restricted assets on the statement of net position because their use is limited by applicable bond covenants.

In addition to assets restricted for compliance with bond covenants, restricted assets are also maintained to account for resources required to repay tenant security deposits, insurance deposits, amounts held for others, and amounts held in the Family Self Sufficiency program.

bear interest at rates ranging from 0% to 6.08%. The notes are due in full at dates ranging from 2017 to 2067.

Notes receivable also consists of second mortgages to low-income homebuyers. These mortgages require no payments and earn no interest for eight years, and then bear an interest rate of 3%.

(l) Capital Assets and Depreciation

All land, buildings and building improvements are capitalized. Capital assets are stated at historical cost. The monetary threshold for capitalization for machinery and equipment is an initial cost of \$5,000 or more. Maintenance and repairs are charged to current period operating expenses and improvements are capitalized. Upon retirement or other disposition of property and equipment, the cost and related accumulated depreciation are removed from the respective accounts, and any gains or losses are included in nonoperating revenues and expenses.

Depreciation of capital assets is computed using the straight-line method over the estimated useful lives of the assets, which are as follows:

Buildings/improvements:	
New construction	40 years
Rehabilitation/acquisition	20 years
Machinery and equipment	5 years

(m) Compensated Absences

Regular, full-time employees receive compensation for vacations, holidays, illness, and certain other qualifying absences. The number of days compensated in the various categories of absence is based generally on length of service. Compensated absences, which have been earned but not paid, have been accrued in the accompanying basic financial statements.

(n) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosures of contingent assets and liabilities at the date of the statement of net position and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

(o) Impairment of Capital Assets

GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, establishes accounting and financial reporting standards for impairment of capital assets. A capital asset is considered impaired when its service utility has declined significantly and unexpectedly. DHA is required to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. No such events or circumstances were encountered as of December 31, 2016.

(p) *New Accounting Standards Adopted*

Statement No. 72, *Fair Value Measurement and Application*, is effective for financial statements for periods beginning after June 15, 2015. This statement addresses accounting and financial reporting issues related to fair value measurements. The statement provides guidance for determining a fair value measurement for financial reporting purposes. The Authority has implemented the required reporting changes within Note 2 of the financial statements.

(q) *New Accounting Standards to be Adopted in Future Years*

In January 2016, the Government Accounting Standards Board issued GASB Statement No. 80, *Blending Requirements for Certain Component Units*. The requirements of this Statement enhance the comparability of the financial statements among governments by clarifying the financial statement presentation requirements for certain component units. GASB Statement No. 80 is required to be adopted for years beginning after June 15, 2016. Upon adoption, there will be additional disclosures in the Authority's financial statements.

(2) *Deposits and Investments*

(a) *Deposits*

Deposits, including those in restricted assets, are defined as cash on deposit with financial institutions. At December 31, 2016, the carrying amount of DHA's deposits was \$28,220,899 and the bank balance was \$29,567,300. The bank deposits are held with financial institutions and are entirely insured or uninsured and collateralized. Of the total bank balance, \$2,472,933 was covered by federal depository insurance, and \$27,094,367 was uninsured and collateralized with securities held by banks in their trust departments not in DHA's name.

At December 31, 2016, the carrying amount of the discrete component units deposits was \$11,173,516 and the bank balance was \$11,339,452. The bank deposits are held with financial institutions and are entirely insured or uninsured and collateralized. Of the total bank balance, \$7,042,233 was covered by federal depository insurance, and \$4,297,219 was uninsured and collateralized with securities held by banks in their trust departments not in the name of the discrete component units.

The State of Colorado's (the State) Public Deposit Protection Act (PDPA) precludes DHA from requiring banks to hold securities in DHA's name. DHA deposits are subject to and in accordance with the PDPA. Under this act, all uninsured deposits are fully collateralized. The eligible collateral pledged is held in custody by any Federal Reserve Bank, or branch thereof, or held in escrow by some other bank in a manner prescribed by rule and regulation, or is segregated from other trust department securities. All collateral so held must be clearly identified as being securities maintained or pledged for the aggregate amount of public deposits accepted and held on deposit by the eligible public depository. The depository has the right at any time to make substitutions of eligible collateral maintained or pledged and must at all times be entitled to collect and retain all income derived from those investments without restriction.

For the discretely presented component units, cash consists of the following at December 31, 2016:

Cash – unrestricted	\$ 1,892,546
Cash – current restricted	<u>9,284,570</u>
Total cash	<u>11,177,116</u>
Less: Cash on hand	<u>(3,600)</u>
Total deposits	<u>\$ 11,173,516</u>

(b) Investments

DHA's investment policies require that all investments be made in accordance with the stated objectives of capital preservation, optimum liquidity, and return while conforming to all applicable statutes and regulations. DHA has established a maximum maturity of three years and a maximum weighted average maturity of one and a half years.

DHA intends to adhere fully to its investment policy, which expressly prohibits the making of speculative or leveraged investments and requires that all investments be made prudently and with due care to ensure compliance with all statutes and regulations.

DHA restricts its investments to direct obligations of the U.S. government, fully insured or collateralized investments at commercial banks and savings and loan associations, collateralized repurchase agreements, state-approved investment pools, or money market funds consisting entirely of U.S. government securities.

DHA categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. DHA's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Housing Authority of the City and County of Denver
NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2016

Investments held by DHA are as follows at December 31, 2016:

	<u>DHA</u>	<u>Discretely Presented Component Units</u>	<u>Combined</u>
U.S. Treasury & Agency	\$ 27,904,055	2,831,941	30,735,996
Investment Pool- COLOTRUST	25,856,671	2,624,357	28,481,028
	<u>\$ 53,760,726</u>	<u>5,456,298</u>	<u>59,217,024</u>

U.S Government Treasury and Agency investments are classified in Level 1 are valued using prices quoted in active markets for those securities.

The fair value of Investment Pool - Colotrust was determined based on level 2 inputs. DHA estimates the fair value of these investments using interest rates at commonly quoted intervals and yield curves as input.

There were no investments categorized with Level 3 inputs as of December 31, 2016.

Custodial Credit Risk

Custodial credit risk for investments is the risk that in the event of failure of the counterparty to a transaction, DHA will not be able to recover the value of the investments. As of December 31, 2016 none of the investments were exposed to custodial credit risk.

Concentration of Credit Risk, Credit Risk, and Interest Rate Risk

Concentration of credit risk is the risk of loss that may occur due to the amount of investments in a single issuer (not including investments issued or guaranteed by the U.S. government). Since DHA's investments are primarily in investments issued or guaranteed by the U.S. government, there is no concentration of credit risk.

Credit risk of investments is the risk that the issuer or other counterparty will not meet its obligations. This credit risk is measured by the credit quality rating of investments in debt securities as rated by a nationally recognized rating agency. DHA's investment policy recognizes this risk by restricting the type of securities that may be purchased.

The following table summarizes the credit quality and credit risk as a percentage of total investments:

	<u>Credit Quality</u>	
Fannie Mae (Federal National Mortgage Association)	AA+	3%
Freddie Mac (Federal Home Loan Mortgage Association)	AA+	6%
Federal Home Loan Bank	AA+	9%
US Treasury Notes	AA+	25%
Federal Farm Credit Bank	AA+	9%
Colotrust	AAA	48%

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2016

DHA invests a portion of its funds with the Colorado Local Government Liquid Asset Trust (COLOTRUST), which invests solely in federal government securities. COLOTRUST operates in a manner consistent with the Security and Exchange Commission's Rule 2a-7 of the Investment Company Act of 1940 and is registered with the Securities Commissioner of the State of Colorado. The trust maintains a constant net asset value of \$1 per share. Therefore, the fair value position of DHA's shares is equivalent to the value of the pool shares. DHA is invested in COLOTRUST PLUS+, which holds an AAA rating from Standard & Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. DHA selects investments of varied maturities to mitigate this risk.

The following table summarizes the maturities of the combination of DHA and its discrete component units' investments in U.S. government agency securities and other investments backed by U.S. government agency securities:

	Fair value	Maturities (in years)

(h) *Hughes Brothers Development, LLC Mortgage Note*

In 2007, DHA loaned a third-party developer \$461,000 in order to purchase land owned by DHA under the Curtis Park HOPE VI redevelopment plan. The note matured on December 31, 2009, and did carry an interest rate of 0%. The default interest rate is 8%. In 2009, DHA acquired three of the parcels secured by the note receivable reducing the note receivable by the amounts associated with each parcel. The balance of \$108,520 was due on December 31, 2009; however, it was not received. Interest began to accrue on the defaulted note. Management did not believe that an allowance for the outstanding balance was necessary as the note was secured by a deed of trust on the remaining three parcels.

On October 27, 2011, an amended promissory note in the amount of \$108,520 was executed. The note matures on August 15, 2013, and carries an interest rate of 0%. The default interest rate is 8%. Accrued interest on the original note in the amount of \$16,856.78 was forgiven per the terms of the amended note.

On July 9, 2014, a second amended promissory note in the amount of \$108,520 was executed. The note matures on March 15, 2016, and carries an interest rate of 0%. The default interest rate is 8%.

On December 15, 2016 a third amended promissory note in the amount of \$108,520 was executed. The note matures on December 31, 2017 and carries an interest rate of 0%. The default interest rate is 8%.

The balance as of December 31, 2016 is \$41,090. A payment of \$43,750 in principal was received in 2016.

Construction in Progress

Capital improvements made on DHA's Low Rent Housing units are financed by grant funds provided by HUD under capital grants and the Housing Opportunities for People Everywhere (HOPE VI) grants. The funds provided through these programs are used to rehabilitate the housing units, which extends the useful life for an additional 20 years. Capital grants are awarded annually based on a 5-year comprehensive modernization plan submitted by DHA. HOPE VI grants are awarded based on a specific application request. DHA's construction in progress consists of the costs for modernization of Low Rent units. When modernization projects are completed, HUD issues a modernization cost certificate for each grant, at which time construction in progress for that grant is placed in service and transferred to the buildings or improvements categories.

Construction in progress is also comprised of new construction and rehabilitation projects.

The following schedule shows the components of DHA's construction in progress at December 31, 2016:

<u>Funds</u>	<u>Amount</u>

(d) DHA Bonds for Mariposa VII

In December 2015, DHA issued a \$7,500,000 Series A Multi-Family Mortgage Revenue Note, Series 2015. The Authority entered into an agreement with Citibank for the tax-exempt private activity bond. This is a draw down bond that will provide funding for the construction/permanent financing of a 45-unit 100% affordable multi-family property. The bonds have a variable interest rate of the Securities Industry and Financial Markets Association (SIFMA) rate plus 2.5% during construction. Upon conversion the interest rate will be fixed at 4.55%, and will mature on January 1, 2049. All outstanding principal is due at maturity. The bonds had a balance of \$5,464,364 outstanding as of December 31, 2016.

(e) Line of Credit

In September 2016, DHA extended the maturity of the revolving Line of Credit (LOC) from Key Bank National Association (\$18 million) and Solera National Bank (\$2 million) to September 2021 with an interest rate of 3.75% at year end. The interest rate is variable based on the prime rate. The Line of Credit was used to provide short-term financing for construction projects including CSG, West Colfax, Dispersed West's Office, Vida, Sun Valley Eco District, and Mariposa IV. The Line of Credit had a balance of \$8,155,104 outstanding as of December 31, 2016.

(f) Banc of America

In 2007, DHA implemented a Public Housing Energy Performance Contract (EPC). HUD's Energy Performance Contracting program is an innovative financing technique that uses cost savings from reduced energy consumption to repay the cost of installing Energy Conservation Measures (ECM). In October 2013, EPC Phase II was initiated. EPC II has a loan with Banc of America that includes Phase II energy upgrades, refinance of Phase I existing debt and South Lowell ECM's. This loan has payments based on a 15-year term and accrues interest at 3.23%. The lease had a balance of \$21,482,504 outstanding as of December 31, 2016.

(g) Capital Fund Program Revenue Bonds

In December 2007, DHA issued \$14.6 million in Revenue Bonds. The Tax Exempt Series 2007 Bonds were issued to partially finance the Three Towers Rehabilitation Project. DHA executed a \$14.6 million loan agreement with Three Towers Partners, LLLP at the same time. The serial bonds totaling \$2,580,000 have an interest rate of 4.00% and matured on November 1, 2013. The term bonds totaling \$12,020,000 have interest rates ranging from 4.55% to 5.20% and mature on November 1, 2017, November 1, 2023, and November 1, 2027. Interest on the serial

and term bonds is payable semiannually. The bonds are repayable from payments of Capital Fund Program moneys received by DHA from HUD.

In December 2011, DHA defeased \$6,010,000 of the Capital Fund Program Revenue Bonds. An amount of \$7,247,734 was placed in a separate irrevocable trust fund with an escrow agent. The funds have been used to purchase United States Treasury Securities - State and Local Government Series (SLGS) that were placed in the trust fund to provide debt service payments until the term bonds are called. The initial deposit together with investment earnings thereon, will be in an aggregate amount sufficient to pay the aggregate principal amount of the Defeased Bonds on the applicable maturity and redemption dates and the interest accrued and to accrue on the Defeased Bonds. The amount placed into escrow in excess of the principal of the Defeased Bonds, \$1,237,735, was recorded as interest expense in 2011. The advance defeasance met the requirements of an in-substance debt defeasance and the term bonds were removed from DHA's financial statements.

The balance outstanding on the non-defeased bonds at December 31, 2016 was \$5,010,000.

The future maturity schedule for the Capital Fund Program Revenue Bonds is as follows at December 31, 2016:

(8) Employee Retirement Plan

DHA provides eligible employees with a defined contribution employee retirement plan. The plan and the contributions to it are authorized by DHA's Board of Commissioners. Under this plan, DHA makes employer regular and employer additional contributions into the pension fund for each eligible employee. A total of 10% of employee salaries is contributed by DHA toward pension. Contributions are made to and maintained by the plan administrator, ICMA-RC, which maintains an individual account for each participant. All regular full-time employees participate in the plan once they have successfully completed a six-month introductory period.

In 2016, DHA paid \$16,708,258 in total salaries. Of this amount, \$13,568,154 was covered under the plan. DHA's required and actual contributions in 2016 were:

<u>Rate</u>	<u>Salary</u>	<u>Employer regular pension contribution</u>	<u>Employer additional pension contribution</u>	<u>Total employer contribution</u>
10%	\$ 13,568,154	678,407	678,407	1,356,814

Housing Authority of the City and County of Denver

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2016

Upon termination, employees are fully vested in the employer's additional portion of the contributions. Employees vest in the employer's regular portion of the contributions at a rate of 20% each year as follows:

<u>Years of participation</u>	<u>Vested percentage in employer regular contributions</u>
Less than 1 year	—%
1 year	20
2 years	40
3 years	60
4 years	80
5 years	100

Employees may make voluntary after-tax contributions to the plan, not to exceed 10% of their annual compensation.

(9) Deferred Compensation Plan

DHA offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. Employee contributions are made to and maintained by the plan administrator, ICMA-RC, which maintains an individual account for each participant. Pursuant to GASB Statement No. 32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, since DHA is not the owner or trustee of these assets, the plan assets are not reported as part of DHA's basic financial statements.

(10) Postemployment Benefits

DHA's personnel policy provides for no postemployment fringe benefits. Therefore, no expenses or accrued liabilities are reflected in the accompanying basic financial statements.

(11) Risk Management

The DHA faces three major types of risk: 1) third-party liability claims, 2) property and casualty loss claims, and 3) workers' compensation claims. DHA has purchased insurance coverage to cover these risks. DHA property insurance coverage has a Total Insurable Value (TIV) of \$404,779,381 with a stop-loss limit of \$100,000,000 and with a deductible of \$10,000 per occurrence or 2% per building for wind and/or hail as of December 31, 2016. DHA participates in the Housing Authority Risk Retention Group (HARRG) in order to obtain stable and affordable general liability insurance coverage. General liability coverage provided is \$10,000,000 per year with a deductible of \$5,000 per occurrence. DHA also maintains a number of other insurance policies necessary and appropriate in the normal course of business including boiler and steam machinery, comprehensive automobile, workers' compensation, employee fidelity, flood, and director's and officers' (D&O) insurance. In addition, DHA maintains appropriate insurance policies on all its instrumentalities, partnerships and component units including but not limited to directors and officers, general liability, excess liability and property. The various property policies have a total TIV of \$370,366,438 with deductibles of \$5,000 per occurrence.

DHA has accrued and funded a liability for a self-insurance retention (SIR) on future property, liability and worker's compensation deductibles. This SIR will cover the future years' financial risks to DHA for current claims and potential claims resulting from incidents Incurred But Not Reported (IBNR). The cumulative amount through December 31, 2016 totals \$1,587,240 in current and noncurrent liabilities as shown below.

Change in the balance of claims liabilities for December 31, 2016 is as follows:

Unpaid and potential claims, beginning of year	\$1,425,450
Incurred claims (including net reduction in IBNRs)	631,927
Claim payments	<u>(470,137)</u>
Unpaid and potential claims, end of year	<u>\$1,587,240</u>
Amount included in current accrued liabilities	303,240
Amount included in noncurrent accrued liabilities	<u>1,284,000</u>
Total	<u>\$1,587,240</u>

Housing Authority of the City and County of Denver

NOTES TO BASIC FINANCIAL STATEMENTS

December 31, 2016

This amount is included in accrued liabilities in the accompanying statement of net position.

DHA's economic risk as a participant in HARRG is limited to \$84,126 of paid-in surplus contribution and \$172,877 in net equity dividends. Also, DHA's risk in Housing Authority Property Insurance, A Mutual Company, (HAPI) is limited to \$210,971 of paid-in and recapitalization surplus and \$51,418 of net equity dividends. Although the underwriting experience of HARRG and HAPI may result in increased annual premium charges and/or assessments against each participant's surplus contribution accounts, DHA's exposure to any net loss allocation is restricted to its surplus contribution account balances. In addition, Housing Authority Insurance (HAI) Group which includes HARRG and HAPI is rated "A" (excellent) with outlook of negative by AM Best for Financial Strength Rating (FSR) and "a" (excellent) with outlook of negative for Issuer Credit Rating (ICR). The financial size is IX reflecting surplus of \$250 to \$500 million.

No claims or settlements were in excess of the insurance coverage for 2016 or any of the three prior years.

(12) Litigation and Contingencies

DHA is a party to numerous pending or threatened lawsuits, under which it may be required to pay certain amounts upon final disposition of these matters. After consulting with legal counsel, DHA's management has concluded that no significant adverse effect on the December 31, 2016 basic financial statements should result upon final disposition of these proceedings.

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability. The amount, if any, of expenses, which may be disallowed by the grantor cannot be determined at this time although DHA expects such amounts, if any, to be immaterial to its basic financial statements.

For certain partnerships, DHA has guaranteed performance regarding completion of construction, repayment of construction and/or permanent loans, delivery of low-income housing tax credits, funding of operating deficits, payment of development fees, and maintaining compliance with applicable provisions of Internal Revenue Code Section 42. Failure to maintain compliance or to correct noncompliance within a specified time period could result in a default and create financial costs to DHA. There are no outstanding defaults that are probable in which the loss is estimable, which would be required to be accrued in these financial statements.

(13) TABOR Amendment

Article X, Section 20 of the Colorado Constitution (the TABOR Amendment) was added to the Colorado Constitution in 1992. It is a tax-limitation, spending-limitation, revenue-limitation, and debt-limitation amendment. By its terms, the TABOR Amendment applies to all "districts" defined to mean the "State or any local government, excluding enterprises." An enterprise is a (i) government-owned business, (ii) authorized to issue its own revenue bonds, and (iii) receiving under 10% of annual revenues in grants from all Colorado state and local governments combined. DHA meets this definition of an enterprise and, therefore, is exempt from the requirements of the TABOR Amendment.

(14) Income Taxes

DHA is a governmental entity, and therefore, DHA is not subject to federal or state income taxes.

(15) Subsequent Events

Events that occur after the date of the statement of net position but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of the subsequent events that provide evidence about conditions that existed at the date of the statement of net position are recognized in the accompanying financial statements. Subsequent events, which provide evidence about conditions that existed after the date of the statement of net position, require disclosure in the accompanying notes. Management evaluated the activity of DHA through May 30, 2017 (the date the financial statements were available to be issued) and concluded that the following subsequent events have occurred that would require disclosure in the Notes to the Financial Statements.

In January, 2017 the board authorized acceptance of the assignment of \$914,100 private activity bond allocation for 2016 from the City and County of Denver and the city's delegation to the authority to use \$10,085,900 of its 2014 carryforward private activity bond allocation. The board approved in May, 2017 the authorization to issue these bonds for the Lowry Family Housing Project, which is scheduled to close late June, 2017.

In February, 2017 the board authorized acceptance of the assignment of \$1,000,000 private activity bond allocation for 2017 from the City and County of Denver and the city's delegation to the authority to use \$19,000,000 of its 2015 carryforward private activity bond allocation. It is DHA's intent to issue these bonds for the Vida at St. Anthony's Project, which is scheduled to close in the third quarter of 2017.

In February, 2017 the board authorized acceptance of a Choice Neighborhood Initiative (CNI) Implementation grant from HUD in the amount of \$30 million awarded on December 12, 2016. This grant will be used over the next five years to redevelop the Sun Valley property and surrounding neighborhood.

DHA's Board of Commissioners has approved the sale of eight parcels of land and one commercial office building. The estimated sales prices total \$25.3 million. None of the properties were sold as of May 30, 2017.

Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To Management and the Board of Commissioners
Housing Authority of the City and County of Denver

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of Housing Authority of the City and County of Denver (the "Authority") as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated May 30, 2017. The financial statements of the discretely presented component units, with the exception of CSG Redevelopment Partners, LLLP, were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Housing Authority of the City and County of Denver's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To Management and the Board of Commissioners
Housing Authority of the City and County of Denver

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Housing Authority of the City and County of Denver's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program;
Report on Internal Control Over Compliance

Independent Auditor's Report

To the Board of Commissioners
Housing Authority of the City and County of Denver

Report on Compliance for Each Major Federal Program

We have audited Housing Authority of the City and County of Denver's (the "Authority") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016. Housing Authority of the City and County of Denver's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Housing Authority of the City and County of Denver's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Housing Authority of the City and County of Denver's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Housing Authority of the City and County of Denver's compliance.

To the Board of Commissioners
Housing Authority of the City and County of Denver

Opinion on Each Major Federal Program

In our opinion, Housing Authority of the City and County of Denver complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2016.

Report on Internal Control Over Compliance

Management of Housing Authority of the City and County of Denver is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Housing Authority of the City and County of Denver's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended December 31, 2016

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the Housing Authority of the City and County of Denver (Denver Housing Authority) under programs of the federal government for the year ended December 31, 2016. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the same basis of accounting as the basic financial statements. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87 or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*.

Denver Housing Authority has elected not to use the 10 percent *de minimus* indirect cost rate to recover indirect costs as allowed under the Uniform Guidance.
